

## PBS-FE55 Electric Pump

### High Performance 3-Stage Hydraulic Power Pack 800BAR

- 100mm Gauge, class 1,0; glycerine filled, 800bar
- High Flow Couplers
- Manually adjustable maximum pressure valve 0-800 bar
- Security remote control (24V DC) with 5m cable
- Oil Cooler for constant operation
- Steel frame with Non-Tip rubber feet
- Oil sight glass

# Hydraulic Power Packs - PBS-FE55

## TECHNICAL DATA

| MODEL#              | WM-FE55-110v  | WM-FE110-110v/230v/400v |
|---------------------|---------------|-------------------------|
| Voltage             | 110v 50/60hz  | 110v 230v 400v          |
| Weight              | 30kg          | 36kg                    |
| Fluid Capacity      | 6 Liter       | 6 Liter                 |
| Fluid Compatibility | Gr 32 & Gr 46 | Gr 32 & Gr 46           |
| Length              | 400mm         | 460mm                   |
| Width               | 280mm         | 300mm                   |
| Height              | 400mm         | 440mm                   |
| Noise Level         | 82dB(A)       | 82dB(A)                 |
